473 ml	3,588 L

barrierTM

Barrier is a classic water conditioner formula that utilizes a safe, classic sodium thiosulfate formulation that even your grandfather will remember. Its efficient detoxifying effect are achieved without the use of strong reducing agents makes it the safest and practical choice among chemical water conditioners.

Aloe Vera

Aloe Vera makes an amazing difference with fish when it comes to stress and healing. This natural ingredient performs two vital functions: The replacing of slime coat to protect fish and the promoting of natural healing through its contained Vitamin E.

Benefits

- Neutralizes chlorine, chloramine, and heavy metals
- Replaces slime coat
- Reduces stress
- Formaldehyde free*
